

South Carolina Locator Map

Produced by the Center for Remote Sensing and Mapping Science (CRMS), Department of Geography, The University of Georgia, Athens, Georgia from 1:12,000 - scale color-infrared (CIR) aerial photographs recorded on November 2, 2002.

Roads and stream data are U.S. Geological Survey (USGS) digital line graphs (DLGs). Park boundary provided by the National Park Service (NPS) is currently being updated and corrected by NPS.

Cowpens National Battlefield is located in Chesnee, South Carolina.

Final Map created December 2004. Updated December 2006.

Cowpens National Battlefield
